

Free AI Logistics Assessment

Discover where AI can cut costs and boost efficiency in your operations
— a complimentary 60-minute audit by Rama Wijaya

20+ Years in Logistics · JNE (15 yrs) · MITx Supply Chain · Six Sigma Black Belt · Turnaround 50%→97% Delivery

What We'll Assess

- **Route Optimization**
- **Customer Service**
- **Demand Forecasting**
- **Warehouse Ops**
- **Procurement**
- **KPI Dashboards**

How It Works

- 1** You share a quick overview of your operations (15 min call)
Reduce delivery cost with AI-powered routing
Chatbot & auto-tracking for 24/7 support
- 2** I analyze your process against AI opportunities (offline)
Predict volume, optimize fleet & inventory
Computer vision + AI for warehouse ops
AI vendor matching & automated RFQ processes
- 3** We walk through findings & actionable next steps (45 min)
Real-time analytics with AI-driven insights
